

Learn and explore - outside the classroom at NYP

NYP's brand of holistic education means that you can access a wide variety of activities outside the classroom to help you make new friends, grow your skills and find new experiences.

General Studies Modules (GSMs) are electives that let you go beyond your diploma or chosen specialisations. Options include Psychology of Mass Media; Science behind Skin Care; 3D Print Your Design, just to name a few. There are also Korean, Japanese, French or German language options.

Co-Curricular Activities (CCAs) are fun, bonding activities that grow your leadership skills. We have more than 80 CCAs! Check out our sports teams, music ensembles, dance clubs and martial arts societies. Some unusual CCAs include one that's all about the art of deejaying (SoundCard), another involves throwing oversized tyres around (StrongMan Club), and yet another is devoted to daebak Korean culture and pop (K-Wave).

The Student Life Academy (SLA) is where there is a constellation of exciting new activities. You can sign up for sports you've never tried before; attend workshops and talks to build networks with Singapore's industry leaders; or even learn to play a musical instrument.

Make NYP your choice after 'O's

We know there are many options, and a lot of information can be overwhelming. We're here to help with this guide. Discover the advantage Nanyang Polytechnic (NYP) can give you and make it your choice.

Discover your full potential

We are huge on meaningful experiences and exciting opportunities – these will prepare you well for facing challenges, especially as the world hurtles through change and disruption.

Benefit from our strong network of industry partners

Over three decades, we've grown our industry network to become among the strongest and widest. These deep relationships and mutual trust help us give the best opportunities to our students: from our advanced facilities on campus, equipped with the latest technologies, to meaningful internships and work opportunities with companies around the world.

Together with our partners, we strive to nurture the next generation of talent and leaders – and, you can be placed among them. Choose NYP for your next lap.
