4 Are sports injuries covered?

It depends on the doctor's diagnosis and the cause of the injury. If there is a specific accident that caused the injury, for example, if a student was kicked in the leg during a soccer game and sustained a fracture, this may be covered. Some students who are active in sports or other activities like cheerleading/dance experience pain and strains over time due to their training. These may not be considered as accidents, but rather as gradual deterioration/wear and tear conditions. Such claims may not be admissible.

5 Am I covered if the accident occurs outside the Polytechnic or during my own personal activity?

Yes, you are covered 24 hours and worldwide (up to maximum 6 consecutive months outside of Singapore).

6 Am I covered during my Exchange Program/Industrial Attachment?

7 Am I covered if I go back to my home country or travel during vacation?

Yes, you are covered for emergency treatment up to a maximum of 6 consecutive months while overseas (but not for intentionally booked treatment overseas).

8 Is follow-up treatment covered?

If the accident happened while you were an eligible student of the Polytechnic and within the policy period of coverage, follow-up treatment is covered up to 1 year from the date of accident even if the policy has expired or the student has graduated at the time of the follow-up treatment.

9 Do I have to pay the medical cost at the time of treatment?

Yes, you have to pay first and submit a claim for reimbursement.

10 Is a Medical Report required for the claim?

A Medical Report may be required for larger claims or if more information is required by the insurer. We will inform you if the insurer requests for it. Please submit the claim without a medical report, but enclose the doctor's memo, referral letter, x-ray/scan/MRI written report/Discharge Summary if available/where applicable.

11 I have paid some medical expenses. What should I do?

Please submit a claim for reimbursement. Please refer to www.mycg.com.sg/poly-gpa for the claim procedure.

12 I will have follow-up treatment over a period of time. Should I submit the claim only after the treatment is completed?

No. Please submit the claim for the initial bills within 30 days of accident/treatment. You can submit the follow-up bills on a monthly basis thereafter. Please note that claims that are submitted late may not be processed.
