School of Information Technology, Class of 2016

With all the best things I have taken away from NYP, I'm currently working and self-learning every day to better assist clients with their projects. If I can share something with my fellow NYPians, it is to remember that everyone comes from different backgrounds and to always love one another as you're all going through the same journey!

MOST MEMORABLE FOR ME!

DAWN YEO
Diploma in Physiotherapy,
School of Social & Health Sciences, Class of 2015

The most memorable experience in NYP would be winning the Ultimate Frisbee IVP championship during my last year in NYP. I think our club is quite well known for having the toughest trainings in school. After 3 years of rigorous training under our coach, we managed to clinch the gold medal.
