

SKILLS *future* for Digital Workplace

WORRIED ABOUT HOW TECHNOLOGY WILL CHANGE YOUR WORK AND IMPACT YOUR WORKPLACE?

With this new 2-day course, you will get the skills and knowledge to thrive!

Experienced trainers will help participants:

- Understand the Smart Nation Initiative and get hands-on with technologies that are emerging
- Use data analytics in their everyday work
- Gain awareness of cyber security and how to minimise cyber threats
- Apply problem-solving technology and tools

Singapore Citizens and PRs	\$50 (inclusive of government subsidies and GST)
Self-Sponsored NTUC Union Members (SC/SPR)	\$10 (after NETF subsidy)
Full Course Fee	\$797.15 (inclusive of GST)

For companies, NYP can customise the course for you and your industry!

- Real case examples
- Hands-on application
- Fun learning process
- Interactive programme
