

## OBJECTIVE

In line with Nanyang Polytechnic’s overall objective of providing an all-round education for its students, the Co-Curricular Activities (CCA) Scoring & Grading System is designed to give recognition to students’ achievements in the non-academic arena. The CCA Grade will reflect the students’ involvement in the various co-curricular activities both in and outside campus and will encourage participation by all students.

## CCA

The co-curricular activities are classified as followed, namely,

### CLUB/Group Activities

This category includes participation in NYP organised activities as well as activities of the NYP Students’ Union, Students’ Council, Constituent Academic & Non-Academic Clubs, Student Interest Groups, Sports Teams and Religious Societies.

### Enhancement and Service Activities

These include:

- Activities that are organised on an ad-hoc or one-off basis, etc.
- Activities organised by external youth organizations, community and welfare service organisations or uniformed groups. These activities must be endorsed by NYP.
- Enrichment courses organised by the respective schools or divisions in NYP, etc.

## POINTS SYSTEM IN THE CCA GRADE
